JULIUS SYCLE & SON,

213 EAST BROAD STREET.

During the dull and drowsy days of January which naturally follow after the busy days of the holidays we have not been idle, but making grand preparations to please our customers who desire to prepare for the coming season—spring. It seems rather early and inappropriate to speak of spring when snow and ice cover the earth, but nevertheless it is a growing custom to prepare a season ahead to give our fastidious ladies ample time to think and study how and what to wear. With the assistance of our buyer, who spends two weeks of every month in the great metropolis, we propose to relieve our friends and customers to an extent by placing on our counters such bargains and variety of styles as the season demands. Every mail brings us tidings and invoices of New Goods bought, so MONDAY we will loom up with a bright and cheerful face inaugurating our first spring sale. Everything new. No old stock, the accumulation of past ages.

THE TWIN CITIES.

THE DEMOCRATS ORGANIZING FOR THE SPRING ELECTIONS.

The Republicans—Naval Men—Arrested on the Charge of Forgery—Personal and Briefs.

(Correspondence of the Richmond Dispatch.)

NEW YORK, January 14, 1888.

The politicians have commenced work in both cities, and the Democrats are organizing their forces for the spring election.

All the local offices are to be filled in both Norfolk and Portsmouth, and aspirants for municipal honors and emoluments are as numerous as usual.

In Norfolk the Republicans will make a hard struggle to regain lost ground, but the Democrats are better prepared than ever for the contest.

In Portsmouth, of course, the city is solid for the Democrats.

The United States steamer Ossipee left the navy yard this morning, and is taking on her powder to sail for the West Indies for the winter.

The United States training-ship Portsmouth, from New York, and will come up to the yard and take on stores and 150 apprentice boys from the Saratoga and Jamestown for the winter cruise in the West Indies.

A young man named Harry Brown, of Portsmouth, is being arrested on the charge of committing a forgery on a mercantile house of this city.

Several burglaries are reported in Norfolk county on Thursday night.

The county supervisors have appointed a committee of three to go to Richmond and try to prevent the passage of the bill of the Elizabeth River Navigation Company, so far as it authorizes the establishment of a ferry-line between Norfolk and Portsmouth and Berkeley.

The City Council of Portsmouth will also appoint a committee.

Colonel William Lamb leaves to-morrow for Washington to attend as a delegate the National Union Convention of the American Shipping and Industrial League.

Rev. Bishop Randolph, of this Episcopal diocese, will commence the annual confirmation services in the Episcopal churches of this section to-morrow, holding services at Christ church in the morning and at St. Peter's church at night.

The narrow-frost peak are well up on the Western Branch and doing well. The wet weather prevents the preparation of the land for putting in fresh potatoes.

The blustery weather of the last few days has prevented the packing of the cotton in the stranded steamship Kimberly.

The funeral of Captain Lynch, who was suffocated by gas, took place this morning from St. Mary's Catholic church.

The mission services of Paulist Fathers Smith and Elliott, of New York, at St. Mary's Catholic church will continue another week. The services have been largely attended so far.

Mrs. James Brown Foster is among the attendees at the Academy of Music next week.

PIETERSBURG NEWS.

Death of a Lady—Benevolent Mechanic Association, &c.

(Correspondence of the Richmond Dispatch.)

PIETERSBURG, Va., Jan. 14, 1888.

Miss Rebecca Stainback, a much respected lady of this city, died this morning.

The Benevolent Mechanic Association of this city expended last year the sum of \$1,010 for the relief of needy members and widows of deceased members.

For the purchase of books the association also appropriated about \$450.

The library, one of the most select and valuable in the State, now numbers fully 5,000 volumes.

The association has also established a museum in connection with the library and has many good specimens of all the interesting characters.

The president of the association is Mr. James M. Quick; Vice-President, William H. Tupper; Secretary and Treasurer, Susan H. Baxter.

Mrs. Susan Hughes, aged sixty-five years, died this afternoon from the effects of injuries received several days ago.

A colored girl employed as nurse in the family of Lieutenant E. T. Berry, accidentally ignited her clothes at the fireplace. In her fright she dropped the lamp in her arms and ran from the room.

At the door she ran against Mrs. Hughes (Lieutenant Berry's mother-in-law), knocking her down the stairway and causing injuries from the effects of her fall.

Reuben Watson, the Greenville murderer, who is to be executed on the 27th of this month, has professed conversion. He is confined in the jail of this city, and will be taken out to Richmond on the afternoon of January 26th. Preparations for his execution have been pretty well completed.

The receipts of cotton at this port since September 1st last aggregate 13,341 bales, or nearly 4,000 bales in excess of the receipts for the corresponding period of last year and the two previous years.

The sales of loose tobacco in this city during the present week amounted to about 193,000 pounds.

PERSONAL NOTES.

Miss Fannie McGill, daughter of Mr. John McGill, has gone to Florida to spend a few weeks.

Miss Emma Winston, of Richmond, is the guest of Miss Ella Cameron.

The family of Mr. R. H. Boykin will remove to Richmond next week.

Dr. Thomas Jay Burgess, a popular dentist of this city, was recently married in North Carolina, has returned home with his bride. ROBERT ADAMS.
